To Decide Cuts: Ike

Says Reductions
Will Hit Basic
Gov't ProgramsIndicates Feelings
About Democratic
Sponsored Resolution

WASHINGTON (AP) — President Eisenhower said today if Congress wants to cut his budget substantially it will have to decide which government programs are to be cut, eliminated or slowed down.

The only place where substantial reductions can be made, he said, are in such basic programs as defense and security, veterans and farm benefits.

The chief executive made the statement at a crowded news conference attended by 236 reporters to indicate how strongly he felt about the House resolution, sponsored by Democrats, calling for substantial reduction of his \$71.8 billion budget and asking him where and how it can be cut.

If any great cuts are to be made, he said, it will be necessary to reduce, eliminate, or slow down such basic programs as defense and security, veterans benefits and the farm programs.

No Stop in Florida

Otherwise, he said, there could be no great savings because only a small percentage of spending planned for fiscal 1958 are susceptible to administrative savings.

Other highlights of Mr. Eisenhower's news conference:

1. The President disclosed that he plans to leave late Thursday from Norfolk, Va., aboard a Navy cruiser for a slow trip to Bermuda instead of vacationing in Florida prior to his Bermuda meeting next week with British Prime Minister Harold Macmillan.

2. He preferred not to discuss the implications in Egyptian plans to take over civil administration of the Gaza Strip. He said negotiations involving Gaza are in the hands of the United Nations and he did not want to prejudge an ultimate solution.

3. He said that if the United States decides to make aid available to Poland, he will ask Congress for the power to make loans to the Polish state should there be any legal ban on such loans.

Would Support Hall

4. As for reports of congressional grumbling because of his inaccessibility to members of the House and Senate, the President said he had never received any complaints.

5. He insisted that he had no intention of injecting himself into internal affairs of the Republican Party in New York state by saying last week that if Leonard W. Hall, former GOP national chairman, ran for governor he would have a booster in the President. Mr. Eisenhower said he would have nothing to do with a New York primary fight among Republicans, but he would give Hall his enthusiastic support if he became the candidate.

In discussing the budget, Mr. Eisenhower said that so far as he knows passage of the House resolution marked the first time Congress ever called on a chief executive to cut a budget.

He said Congress alone has the constitutional power to appropriate money, and the executive branch can't spend a cent without prior approval of the House and Senate.

Approves Budget Re-Study

He said in reply to a question that he has not seen the exact language of the House resolution. But he said equal attention should be given to a statement by the Senate Republican Policy Committee Tuesday calling on Congress to reduce the budget wherever possible and consistent with national defense and essential government functions.

The President emphasized that he has no objection whatever to re-examination of his budget—by Congress or the executive branch.

Word was passed to congressional leaders that the President does not want any cuts made in his \$1.3 billion program to build new classrooms during the next four years.

Shawnee Hills Group Urges Legislation
To Implement Operation Outdoors Program

The Shawnee Hills Recreation March meeting at 6:30 p. m. next Monday at Goreville, has gone on record of recommending that Congress pass necessary legislation to implement the Operation Outdoors program of the U. S. Forest Service.

Operation Outdoors has as its purpose the rehabilitation and expansion of existing recreation facilities and establishment of additional recreation areas on the National Forests.

"Since the Shawnee National Forest will share under the benefits of the program, since this area is rich in historical, geological and scenic areas but without the developments the program is designed to provide and since the exist-

ing National Forest facilities are already overcrowded, the Shawnee Hills Recreation association strongly recommends that the Congress of the United States pass the necessary legislation to implement the program," an SHRA statement declares.

At the Monday evening dinner meeting to be held at Goreville, Dr. William H. Freeburg, head of the Outdoor Recreation and Education department of Southern Illinois University, will be guest speaker and Rex Karnes, also of SIU, will discuss the proposed brochure showing some of the area attractions.

Persons planning to attend should send dinner reservations to A. H. Martin at Goreville by Friday, March 15.

President Denies Beck
Charge Case 'Prejudged'Senate Prober
Charges Union
Falsified Books

WASHINGTON (AP) — President Eisenhower said today that Teamsters President Dave Beck was wrong in charging that the administration "prejudged" the union's case before the Senate Rackets Committee.

Beck had complained that his removal from the U. S. delegation to the International Labor Conference in Geneva had this effect.

Mr. Eisenhower told his news conference that Beck's statement was wrong. It was exactly because the administration did not want to prejudice the case that Beck was removed, he said.

The President said he conferred with Secretary of Labor James P. Mitchell before the secretary canceled plans to have Beck as a member of the U. S. delegation.

Meanwhile, a member of the Senate committee charged that a Teamsters Council on the West Coast had falsified its books.

Sen. Karl E. Mundt (R-SD), a member of the committee, pounced on an entry in the books of Teamsters Joint Council 37 which listed payment of a \$241.50 hotel bill for Thomas E. Maloney, Portland, Ore. The check was listed under expense allowances of union officers and delegates.

Beck Ready to Appear
Mundt said the books had "obviously been falsified." Either the books had been "deliberately falsified," he said, or the union was "paying Maloney for his activities in Portland, which I believe to be racketeering activities."

The committee has heard testimony that Maloney was one of two Seattle racketeers sent to Portland by union officials to take over vice and gambling.

Mundt voiced his charge during testimony by R. R. Mikesell, secretary-treasurer of Teamsters Joint Council 37.

Mikesell testified that certain financial records subpoenaed by the committee have "gradually been destroyed" because a union vault was "terribly crowded for space."

He said all records available have been supplied to the committee.

In Seattle, Beck said he was ready to appear promptly before the committee, which is interested in his \$150,000 home and in his personal finances.

The union chief hinted, however, that he might take refuge in the Fifth Amendment, if his lawyer so advised.

U. S. Submits
New Proposals
For Mid East

By United Press

President Eisenhower disclosed today the United States has submitted new proposals designed to prevent the outbreak of another shooting war in the Middle East.

The President, answering news conference questions, said the proposals had been submitted to the United Nations which, Mr. Eisenhower said, bears chief responsibility for settling the Israeli-Arab dispute.

He did not disclose the nature of the proposals which must meet an acceptable middle ground between Israel's determination to fight rather than allow Egypt to return to the Gaza Strip and Egypt's U. N.-supported intention to resume civil administration of the strip "within a few days."

The U. S. proposals were submitted to U. N. Secretary-General Dag Hammarskjöld who plans to leave Saturday for the Middle East.

Violence broke out again in the strip Tuesday night when a band of "unidentified" Arabs blew up the only railroad connecting Gaza and Israel and cut all telephone communications.

Israeli Premier David Ben-Gurion told the Knesset parliament today that Israel "reserves freedom of action" if Egypt returns to the Gaza Strip.

He left no doubt that Israel would feel free to resort to military measures should political negotiations fail to settle the dispute over control of the refugee-packed strip, and he warned: "If the time comes when action is appropriate and necessary, the government of Israel will not, of course, give prior notice of its action."

His wife, Lula, also well known by Harrisburg Masons and Eastern Stars, was critically injured when their car went out of control near Wentzville, Mo. The accident occurred north of the intersection of U. S. Highways 61 and 40. Mrs. Jones is in the Lincoln County hospital in Troy, Mo. Skull fracture and neck fracture and multiple rib fractures, a fractured arm and leg and internal injuries were suffered by her.

Coast Guard Cutter Rescues Nine
Frostbitten Seamen Drifting at Sea

BOSTON (AP) — A Coast Guard cutter Tuesday night rescued nine frostbitten seamen from a two-day ordeal in a waterlogged open boat 175 miles at sea.

The men, crew members of the 151-foot coastal freighter Patricia Sweeney of Yarmouth, N. S. drift helplessly in near freezing temperatures for 44 hours. Their coal cargo shifted and capsized the vessel during a howling gale Sunday night.

They were unable to give a distress signal and barely had time to scramble into their lifeboat before the ship "went down like a stone."

Their open lifeboat, though well stocked with supplies, was partially filled with water from a rain

and sleet storm and heavy seas. The men, all from Nova Scotia or Newfoundland were picked up by the Coast Guard cutter Castle Rock just after dusk. The cutter had left its ocean weather station to tow the disabled Boston fishing trawler Jane B. home when it was spotted by the men.

First Mate Fred Rodenheiser, 56, of Lunenburg, N. S., said by radio that two of the men, forced to leave the sinking ship barefoot, were suffering from badly frost-bitten feet and the Coast Guard said another of the rescued seamen had a fractured ankle. The Coast Guard said all of the men would be hospitalized for treatment of exposure and frostbite on their arrival at Boston.

On March 20President Decides
Against Florida
Trip for Cruise

WASHINGTON (AP) — President Eisenhower announced today he expects to leave by Navy cruiser from Norfolk, Va., late Thursday for a leisurely cruise to Bermuda where he is due March 20.

The President, who has been suffering from a head cold, cough and inflammation of the left ear for some time, had hoped to go to Florida for a few days prior to his Bermuda conference next week with British Prime Minister Harold Macmillan.

He told his new conference today, however, that he had decided not to go to Florida, but would seek out sunshine aboard a Navy cruiser during what he called a very slow trip to Bermuda.

He is scheduled to reach Bermuda next Wednesday. His conferences with Macmillan begin the following day.

The chief executive seemed in much better physical shape today than at his news conference last Thursday. His voice was stronger. He gave no indication of the hearing difficulty and his color was much improved.

Mr. Eisenhower underwent an X-ray examination of his chest and lungs Tuesday at Walter Reed Army Medical Center. Doctors also checked on the condition of his sinuses.

The President said today that he is feeling some better. He said he thought that in the case of his ailment, it was merely a matter of wearing it out.

He also reported that the doctors at Walter Reed told him he was in good shape from their viewpoint.

For All the World to Note

Editorial — BY BRUCE BOSSAT
Neither the free world nor the Communist world will be much concerned with the details but will instead take note of the general fact that the U. S. Congress has approved the Eisenhower doctrine for safeguarding the Middle East.

From the moment this program was proposed by the President, most observers in the capital considered it a foregone conclusion that it would win congressional endorsement in some form or other. Not to support it would have seemed to outsiders a repudiation of the President of a quite serious character. And, in the view of some, it would have suggested a turning toward a new isolationism in America.

Critics of the program say it really adds nothing to U. S. policy, that with or without the new resolution we would act if Russia used overt aggression in the Middle East.

Defenders argue, on the other hand, that there is often vital good sense in "restating the obvious," in declaring intentions in unmistakable terms. Lingered doubts are washed away. Decisions in other capitals can be made on a foundation of fact rather than supposition.

Evidently a majority in Congress saw merit in this view.

Mr. Eisenhower says he is content with the endorsement as it is. He can take some satisfaction, too, that in the Senate's 72-19 vote of approval only three Republicans—Senators McCarthy, Jenner and Malone—joined with 16 Democrats (mostly southerners) to oppose the program.

But no one in or out of the administration pretends that the Eisenhower doctrine constitutes any sort of solution to pressing Middle East problems. By taking a stance against Red aggression in that area, we have perhaps helped to fill the power vacuum created by the collapse of British authority there. Yet, much more is required.

Lasting settlement of the Suez Canal difficulty and the Arab-Israeli dispute is still the big job ahead.

We have helped importantly to quiet the trouble zone. But until the great problems are resolved, it is still a trouble zone.

First a Measuring Stick

Maybe there should be a political bureau of standards, an outfit established to fix impartial measures of performance in vital fields of government.

The Agriculture Department says that in 1956 U. S. farmers' income went up 4 per cent over 1955. This result was attained by computing what money farmers had left from products sold and consumed after paying production expenses.

But the government's critics, including opposition party men, say this isn't the right way to figure farm income. They would do it by gauging the net value of actual output for the year. By that system, farmers would show an income loss of slightly less than 1 per cent for 1956.

Anyone can, of course, take his choice between these two approaches, depending on his political sentiments or his convictions as to their merits.

But the real thing is that there should not have to be such a choice in a matter so fundamentally factual as farm income. There should be a standard measure automatically acceptable to all, of whatever political persuasion.

This same fiscal foginess often affects judgments of budget operations, to the point where one side says there's a deficit and the other declares a surplus.

Voters cannot easily judge the performance of their public servants if there is no agreement on the basic terms of measurement.

Pie crust is flakier if the top is brushed lightly with cold water just before the pie goes in the oven.

DREW PEARSON SAYS: Twining, Air Force Chief, Officially New Chairman Of Joint Chiefs Of Staff; De Sapio Spurns Roosevelt, Jr.; Wisconsin Representative Reassures Colleague About "Communist" Art.

WASHINGTON. — The joint chiefs of staff were quietly called to the White House last week and officially notified that their next chairman would be Gen. Nathan Twining, now the Air Force chief.

Inside fact is that Twining had recommended his deputy, Gen. Thomas White, for the chairmanship, but the President persuaded Twining to take it himself rather than retire. White probably will replace Twining as Air Force chief of staff.

Originally, Secretary of Defense Wilson wanted to reappoint Adm. Arthur Radford, present chairman, to a third term, but crusty Congressman Carl Vinson of Georgia, chairman of the House Armed Services committee, threatened to block Radford. Vinson told Wilson bluntly it was the Air Force's turn to take the chairmanship. Radford, he said, should step down.

ART AND COMMUNISM
Rep. Herbert Scudder (R., Calif.) showed concern the other day about a proposal of two Democratic congressmen to have the Commission of Fine Arts approve all designs for federal buildings.

Scudder was worried about "communist" murals, and though reassured by Rep. Henry Reuss (D., Wis.), he was still skeptical.

"In this planning, I hope you do not desire to have artists get into the picture who will do what they did during the last 20 years. That is, decorate the walls with murals which are very obnoxious to the people in the area."

"In the Rincon Annex post office in San Francisco, it was the policy to paint murals. I had these murals very carefully analyzed by a cartoonist, and part of them was definitely Communist propaganda."

"I am glad that the gentleman from California raised that question," said Reuss, who with Rep. Frank Thompson (D., N. J.) is co-sponsoring the proposal for fine arts commission approval.

"Let me assure him that the chairman of the commission on fine arts is none other than Mr. David Finley, who was Mr. Andrew Mellon's lawyer and confidential adviser for many years. He generally shares the political and social philosophy of the late and revered Andrew Mellon."

CAPITAL NEWS CAPSULES
Oil Break For Democrat—The big Republican oil companies are getting some nice breaks from the Eisenhower administration, but at least one Democrat is doing all right too. Ed Pauley, close friend and big money raiser for Harry Truman, has secured a guarantee from the U. S. government that his losses will be reimbursed up to \$6,000,000 if he drills for oil in the shaky kingdom of Jordan, and if Jordan should later expropriate

his oil wells. This is about the first time in history an American oil man has secured such a guarantee—especially a Democrat from a Republican administration.

Two Air Force Secretaries — Sen. Stuart Symington of Missouri, first secretary of the Air Force, made a strange phone call the other day. He called the present secretary of the Air Force, Donald Quarles, told him he was planning to make a Senate speech blasting Quarles, then proceeded to read the speech to his intended victim. Quarles argued with Symington over some details and finally persuaded him to tone down the speech. However, Symington still delivered the speech, accusing Quarles of using phony arithmetic in the Air Force budget.

Future Excise Taxes — GOP leaders have advised like that Congress will probably repeal the 10 per cent excise tax on theatre tickets, effective April 1 of next year. House hearings will begin in about a month on the repealer bill which also may knock out 10 per cent excises on cosmetics, toilet articles, and transportation. Smalltown theatres hard hit by TV competition are particularly in need of tax relief. The President was told. He said, however, he could not agree to any tax cuts in 1958 until he had an estimate of next year's budget.

MERRY-GO-ROUND

Sen. McCarthy of Wisconsin wasn't the only lawmaker who failed to attend the White House reception for Congress. McCarthy wasn't invited. But Roy Wier (D., Minn.), who did receive an invitation declined in favor of a conservation meeting. He attended the North American Wildlife Conference... Sen. Jack Kennedy of Massachusetts, featured on the cover of Life this week, has been quietly lining up speaking engagements around the South which turned against Catholic Al Smith in '28. (Looks as if the 1960 campaign has already started.)

Secretary of the Treasury Humphrey has been secretly phoning key Republicans in Congress, trying to block an investigation of the government's monetary policies. The treasury is now paying twice as much interest on government loans as under Truman. An investigation might be a bit embarrassing.

Uniform Time For Indiana

INDIANAPOLIS — Uniform time will be restored by next month to Indiana, which has been plagued by a patchwork of confusing clock schedules for the last few years.

Gov. Harold Handley Monday night signed into law a bill which puts all Indiana clocks on a uniform daylight saving time schedule, beginning April 28. They will remain on that schedule until the last Sunday in September, when they will be turned back to central standard time.

The seven months of "slow" and five of "fast" time was a compromise to a long fight over the time issue.

Pass Bill to Permit Life, Accident Insurance On Pets and Livestock

SPRINGFIELD — The Illinois House today passed a bill to permit insurance companies to write life and accident insurance on dogs, cats, and other pets and livestock.

The bill passed 155-0 and was sent to the Senate.

Its sponsor, Rep. Robert Burhans (R-Peoria) said life and accident insurance on pets and livestock was a new and growing type of insurance business, but the present Illinois insurance code does not provide for such coverage.

The measure did not say whether all nine lives of a cat would be insurable.

Man Imprisoned 16 Years Unjustly Refuses to Sign Bond, Jailed 2 Hours

ELGIN, Ill. — Roy Eaton 52, who spent 16 years in prison for a crime he did not commit, spent two hours in jail today rather than sign bond in an accident case.

Eaton returned this morning from Springfield where he attended a Senate hearing on an \$80,000 appropriation bill to reimburse him for the years he was imprisoned unjustly.

His landlady told him the police were looking for him.

Eaton went to police headquarters and was told that Henry Allison, a serviceman, had signed a complaint charging him with leaving the scene of an accident Sunday night.

Eaton was told he could sign for his bond, but he refused. Instead he spent two hours in the city jail until a hearing was called before Justice of the Peace C. B. Johnson.

"It was just like old times," Eaton said.

He would not admit directly that his car struck Allison's, despite scratched paint police found on his car.

He testified that he was driving home from a restaurant when

Bomb Threats Disrupt Flights Of Four Airlines

NEW YORK — False bomb threats disrupted flights of four airlines Tuesday at airports throughout the East.

The phony bomb warnings caused delays in flights of Trans World, American, United and Delta airlines planes while they were searched in New York, Philadelphia, Newark, N. J., and Jackson, Miss.

Six airborne TWA planes made emergency landings at airports as far south as Baltimore and as far west as Detroit to permit searches.

No bombs were found on any of the planes.

The excitement began when an anonymous caller, sounding like a teen-age boy, told a TWA reservation clerk: "There's a bomb on your plane. You had better get it off."

The airline notified authorities at LaGuardia and Idlewild airports in New York, and Newark Airport in New Jersey to hold planes for searching.

Tuesday night, Shirley Mayfield, 25, a reservation agent for American Airlines in Philadelphia, received a telephoned threat from a woman who said she had a "grudge" against airplanes because her father had been struck by one.

The woman said she had planted 12 sticks of dynamite on an American Airlines plane. She said they were set to explode at midnight.

"Which plane is for you to find out," she told Miss Mayfield.

A United Airlines spokesman said a bomb warning also had been received from either a woman or a child caller.

Both American and United airlines immediately grounded all their planes in the vicinity. Thorough searches were made of all aircraft but no explosives were found.

Airlines officials reported they have received about one false bomb threat a month since an aircraft was dynamited in Nov., 1935, while en route from Denver to Portland, Ore.

John Gilbert Graham was executed for planting a bomb on the plane, killing 44 persons, including his mother.

Girl Rider Fatally Injured When Auto Hits Horse

LAWRENCEVILLE, Ill. — Mary Lee Ash, 13, died Tuesday of injuries suffered Sunday when the horse she was riding near Red Hill State Park was struck and killed by an automobile.

The girl, daughter of Mr. and Mrs. Floyd Ash of Sumner, died at 2:18 p. m. in Memorial hospital in Lawrenceville of head injuries.

The girl was riding with three other youngsters about 4:15 p. m. Sunday when the accident occurred. They were leaving the park by a road which entered Alternate U. S. 50 a mile east of Sumner.

As her horse approached the highway, it slipped and fell into the path of a car driven by Tom Satterthwaite of Lawrenceville. The horse was killed instantly.

No charge was placed against Satterthwaite.

Besides her parents, the girl is survived by a brother, Charles, who is with the Air Force in Japan, and a grandmother, Mrs. W. T. Newman of Sumner.

Approve Bill to Require Prison for Narcotic Offenders

SPRINGFIELD — The House today passed 148-0 and sent to the governor a bill to require prison terms, rather than jail sentences, for narcotics offenders.

The bill is aimed at relieving overcrowding at Vandalia State Penitentiary and the Cook County jail which now get many narcotics users and peddlers.

Rep. Robert T. McLoskey (R-Monmouth) said jail terms were not stiff enough penalties for narcotics violations and that investigation showed that "toughness and enforcement" of narcotics laws reduces drug addiction.

Officials at the penal farm and residents of Vandalia have expressed concern over the crowded conditions at the minimum security institution and the fact that only a small number of guards are available to keep prisoners under control.

McLoskey said the new bill would still permit youthful narcotics offenders to be placed on probation, rather than being sent to prison, if the state's attorney recommended probation.

8-Year-Old Girl Burns to Death

NOBLE, Ill. — Nadine Hunley, 8, was burned to death and three other persons were injured Tuesday in a fire in a four-room frame home.

The fire broke out in the home of Mrs. Nell Wolf, the victim's aunt. Injured were Mrs. Wolf, her son, Charles, 17, and Nadine's sister, Linda Sue, 13.

Fire authorities said they believed the fire started in the kitchen.

\$75 Million Proposal Gov. Stratton Indicates He Is Agreeable to Korean Bonus Bill

SPRINGFIELD — Gov. William G. Stratton's office indicated today he would be inclined to approve a 75-million-dollar bonus plan for Korean War veterans which would cost a penny increase in the cigarette tax.

Stratton's office said he did not at this time want to take a stand on the bonus plan introduced in both houses of the Legislature Tuesday.

But the governor's office indicated he would be inclined to approve a bonus unless some objectionable features not now apparent in the plan were to develop later.

Stratton in 1955 vetoed a bonus, but that plan would have cost 150 million dollars, twice as much as the plan introduced Tuesday.

The new bill calls for payment of \$10 per month for each month served by an Illinois resident in the armed forces between June 27, 1950, and July 27, 1953, plus a flat \$100 to the holders of the Korean Service Medal.

Also, a flat sum of \$1,000 would be paid to beneficiaries of an estimated 3,000 Illinoisans who died in service during the Korean conflict.

Rep. Clyde Choate (D-Anna), who introduced the bill in the House, said veterans administration figures showed that about 295,000 Illinois veterans would be eligible for the bonus, with about 60,000 of them eligible for the \$100 payment for service in the war theater.

The bonus bills call for issuing 75 million dollars in bonds to be paid off in 10 years with revenue from a 1 cent tax increase on cigarettes.

The bond issue would be sub-

Miss Judith Ann Eickemeyer, Richard E. Griffiths Exchange Wedding Vows

Mr. and Mrs. Richard E. Griffiths

A lovely winter wedding was solemnized Saturday, Feb. 2, at Immanuel Lutheran church of Downers Grove when Miss Judith Ann Eickemeyer and Richard E. Griffiths exchanged vows in an afternoon ceremony. The Rev. Milton A. Reinke officiated at the double ring service.

The bride is the daughter of Mr. and Mrs. Fred Eickemeyer of Downers Grove, and the bridegroom is the son of Mr. and Mrs. Richard M. Griffiths of Waltonville, Ill., formerly of Harrisburg.

White gladioli were arranged at the altar and greenery caught with white bows adorned the pews.

The bride was a picture of loveliness as she entered the church on the arm of her father. She wore a chantilly lace and tulle floor length gown. The lace bodice sprinkled with sequins was designed with a V neckline and long sleeves and fashioned on princess lines with a lace panel in front and back. Panels of tulle on each side formed the bouffant skirt.

A fingertip veil drifted from the bride's small cap adorned with seed pearls, and she carried a bouquet of carnations centered with a white orchid.

Mrs. John Bohrnstedt, aunt of the bride, was matron of honor, and bridesmaids were Miss Nancy Viereg and Mary Elizabeth Klinker, long time friends of the bride. They all wore pink chiffon gowns, ballerina length, sashed in pink satin. Matching satin head pieces and slippers complemented their gowns. They carried nosegay bouquets of garnet tea roses.

Emerit Lindbeck, captain of the 1955 Illinois football team, served as best man. Groomsmen were Charles Bellatti of Jacksonville and Richard McCaw of Hillsboro. Ushers were Peter Whitmer of Bloomington and Cyrus Nichols of Tuscola. All but Mr. Bellatti are fraternity brothers of the bridegroom.

Lohengrin's Wedding March was used for the procession with Purcell's Trumpet Voluntary being used for the recessional. "Oh Perfect Love" and "The Lord's Prayer" were sung by Ralph Kohrs of Concordia Teachers College, River Forest. Organist was James Klawetter, also of Concordia.

For her daughter's marriage Mrs. Eickemeyer wore a mint-toned lace sheath dress with a brown velvet toque. She carried an orchid. The bridegroom's mother wore gray lace over pink faille with an orchid corsage.

A reception for 150 guests was held in the church parlors. Janet Crummer, a sorority sister, Carol Bush McCollum, Carrie Moll and Laurie Hooten assisted. Mrs. Robert Bobbs, aunt of the bride had charge of the guest book. Following the reception a buffet supper was held at the home of the bride for the bridal party and out of town guests.

Guests were from Richmond, Ind., New Albany, Ind., Waltonville, Mt. Vernon, Kewanee, Chicago and many nearby communities.

The groom will graduate in June from the University of Illinois, majoring in physical education. The bride completed the first semester of the junior year at the University where she was affiliated with the Alpha Chi Omega social sorority. She is now employed as a secretary by the University. The bridegroom was president of the Sigma Chi fraternity chapter there.

They are now at home at 1066 West Church street in Champaign.

There were twelve members and one visitor, Mrs. Paul Halbersteb, present.

Each member was asked to bring old Christmas cards to the church Wednesday to be sent to the Koreans. The next meeting will be held at the church March 25, and will be a potluck.

There will be a stated meeting of Harrisburg Chapter No. 671 Order of Eastern Star Thursday at 7:30 p. m. A special observance of birthdays of members occurring in December, January, February and March will furnish an opportunity for a social time in the dining room of the Masonic temple following the lodge meeting. Michael Hillegas Chapter Meets at Tom Wolf Home

The Michael Hillegas chapter of the D.A.R. met Monday evening at the home of Mrs. Tom Wolf.

Pledge of Allegiance was led by Mrs. Frank Gray after which minutes of the previous meeting were read by Mrs. Wolf. Mrs. Herman Boatright gave the treasurer's report, and correspondence was read by Miss Patty Sayers.

Winners of the Good Citizenship D.A.R. awards were named and their pictures passed for the members to see.

Members discussed the year's project. A nominating committee was selected by Mrs. Shepherd and it is composed of Mrs. Hal Burnett, Mrs. Charles Ford and Mrs. Victor Humm. They are to give their report at the next meeting.

Mrs. Gray, program chairman, presented Mrs. Clyde Wilmoth who in turn introduced four sixth grade girls, Roberta Keltner, Sandra Cox, Carol Crews and Carol Logsdon, who gave a most interesting program on "Patriots."

The chapter was happy to welcome two prospective members as guests, Mrs. C. A. Bacon and Mrs. Frank Parker Jr.

The hostess and her assistants, Mrs. H. E. Mitchell, Mrs. Sam Barter and Miss Patty Sayers, served delicious cake and coffee to the members present and guests.

J. A. Patterson is confined to his apartment, 213 North Main, with a severe case of the flu.

Woman's Club Has Program on Conservation, Elects New Officers

The Harrisburg Woman's club met Monday afternoon for its annual program on Conservation with Mrs. William Farley as chairman. Mrs. J. L. Miller, president of the 24th district of the I.F.W.C., gave an appropriate meditation, "When It's March," basing her subject on Psalms 104:24.

Music was under the direction of Mrs. P. W. Sherman who presented two of her students, Lorna Jane Dallas and Larry Edwards, both of Carrier Mills. Lorna sang "When I Was Seventeen," and "Hark Hark, the Lark," accompanied by Larry at the piano. Larry then played a piano solo, Beethoven's "Appassionata Sonata," the third movement.

Mrs. Farley then introduced Mr. Farley who spoke briefly, and who in turn presented L. P. Neff, supervisor of the Forest Service. Mr. Neff showed a new film on the Shawnee Forest area after which Mr. Farley showed several colored slides.

The program was most entertaining and interesting to the members.

Hostesses were Mrs. Clyde Webb and Mrs. Clarence Bosket.

During the business session Mrs. J. W. Myers, chairman of the nominating committee, read the following names of new officers for the coming year: Mrs. W. W. Damron, president; Mrs. Ray Johnson, first vice president; Mrs.

L. M. Hancock, second vice; Mrs. Hugh Walker, recording secretary; Mrs. Hudson Mugge, treasurer; Mrs. Ed Creek, corresponding secretary, and directors-at-large, Mrs. E. Bishop Hill, Mrs. J. W. Myers and Mrs. Stanley Wilson. These members were nominated by Mrs. Richard Davenport, Mrs. L. B. Kimmel and Mrs. Myers and were elected by the members of the club. They will be installed in May.

It was announced that the spring board meeting of District 24 will be held in Grayville Thursday, March 14.

Mrs. Stanley Wilson will be chairman of the county federation meeting to be held at the Presbyterian church in Harrisburg Monday, March 25. Miss Edna Burnett is president of the county federation. New officers will be elected and installed at this meeting.

Also, it was announced that Southern Illinois Women's Day will be held April 25 at Carbondale with Ivy Baker Priest, United States treasurer, bringing the address.

Pvt. Sammy Ditterline, stationed at Fort Jackson, S. C., and who is a foster son of Mrs. P. W. Sherman, returned to Harrisburg for the funeral of her brother, John Willford. His presence was a great comfort and help to Mrs. Sherman and he is remaining until the last of this week to be with her during her bereavement.

THE STORY: Texas cowboys who have driven cattle over the long trail to Pawnee City, Kan., are shooting up the town.

XIV

Cass Simcoe was looking at some dress goods. Glass crashed and a wild bullet tore the bolt of material from Cass's hands. "You got a gun, Mister? I'll show them some shootin'!" Tarbox stared at her in astonishment. "I don't carry them. The hardware store—"

"Darn this dress," said Cass, looking down at Helen Jagger's dress. "A person can't rightly carry a gun when they're wearin' something like this." She winced. "Here they come back!"

Tarbox ducked down behind a counter. In the Longhorn Saloon, the half-dozen customers were sheltered behind the bar. With one exception. Chad Morgan. He stood by the broken window looking out upon the street. The cowboys were receding up the street and Joe Jagger took the occasion to come out of the bank across the street and rush for the Longhorn.

Joe Jagger sent a quick look around, picked out a man wearing a dirty white apron, the swamper of the Longhorn. "You, Mose, get a horse and ride south of town. Find Pete Mossman and tell him his boys are cutting up."

The swamper began taking off his apron. "Mr. Jagger, I just quit my job." Morgan signaled to Blake, the manager. "Have you got a gun, Mr. Blake?"

"Only a scatter-gun," replied the manager of the Longhorn. "And a Navy gun—"

"Give me the Navy gun!" But then it was too late. The cowboys had shot up the south end of town and were coming back—at a full gallop. Yelling and shooting.

The cowboys were past the saloon then. Blake raised his head tentatively above the bar level. He held a revolver in his hand. Morgan caught it, turned for the door. Morgan stepped to the edge of the sidewalk, his right hand grasping the Navy gun dangling at his side.

A step on the wooden sidewalk caused him to shoot a quick glance over his shoulder. Tom Alder was coming out of the barbershop next door.

He said, as he came up, "They'll kill you, Morgan." Morgan said, "It's not your fight, Alder."

"I'm not fighting. My gun's in my holster and it's going to stay there. Besides... I'm one of them."

"You killed a Texas man last night. That's what started them off."

"Maybe that's why I'm out here now."

The drunken Texas men were starting their horses back for another run.

And now Helen Jagger stepped out of the bank across the street. She took a quick look toward the hotel, saw the Texas men bearing down on her and panicked. Instead of whirling back into the bank, she started across the street...

"Lookit the Yankee sweetheart!" "I seen her first!"

Helen saw she could not make it across the street and stopped dead in her tracks. A skidding horse being jerked to a violent stop almost knocked her over. Another horse went past her, was stopped so violently it reared up. A third horse did strike her, knocking her to her knees.

Before she could get up, Brog, the towhead, had hit the ground and was reaching for Helen.

Behind the towhead, a gun roared and a bullet whispered past the Texan's ear.

He let go of Helen, whirled, his hand going automatically for the gun he had holstered. It could be swiveled quickly toward any of the Texas men.

Helen had distracted all of the Texas men. Several of them still had their guns in their hands, but they were caught flat-footed, as were those who had put away their guns.

Of course they could draw... if anyone wanted to draw against a man who had come out deliberately into the open against a dozen wild, drunken Texas men.

Morgan said to the towhead, "Climb on your horse and get out of town."

"Mister," said Brog thickly, "you got about five seconds to live."

"You've got less than that," retorted Morgan.

A sudden hush fell upon the Texas men. The towhead was their leader. He had brought them to town, he had led the taking over of Pillsbury's saloon and the street. And it was he, too, who had led the charge to cut off the girl who had wandered out upon the street.

Brog started to bluster. "Never saw the Yankee yet I couldn't lick."

"You'll never lick me," said Morgan, "cause I'll kill you at the first move anyone makes."

The towhead was suddenly more sober than he had been in more than a half hour.

The Yankee had no chance, of course. The cowboys would ride him with bullets... but the towhead would not be alive to see it.

"Make up your mind," Morgan said harshly. "Back down, or fight!"

A shudder ran through the towhead's long body and Morgan knew that he had won. The man would not fight.

He half turned, stumbled toward his horse.

FAMILIAR? — A decade hasn't caused much change in the German army uniform. Here is the dress jacket for officers and enlisted men of the Bundeswehr, the West German federal army. Except for open collar and necktie, it is almost identical with the former Wehrmacht outfit. The leather boots Germans are so fond of aren't so loud this time, though. Rubber soles have replaced the clattering hobnails of the former issue.

Bull Dogs, Red Birds Open Sectional
Tourney Tonight at West Frankfort

Mount Vernon Will
Play Brookport in
Game Thursday

The chase for the 1957 high school basketball championship resumes tonight with local interest centered on the West Frankfort sectional, where the battling Bull Dogs meet the Frankfort Red Birds at eight o'clock.

A large following of local fans is expected to be on hand for the contest, which will pit Harrisburg against one of the rated teams of the state. West Frankfort drubbed Benton, 91 to 48, in the Benton regional to gain the sectional, with all first five players hitting in the double figures.

The tourney will continue Thursday and Friday, with another single game at 8 p. m. Thursday between Mt. Vernon and Brookport and the Wednesday and Thursday night winners meeting Friday night for the sectional championship and the right to play in the sub-state meet at West Frankfort against the Herrin sectional winner on Tuesday, March 19.

bested Metropolis, 74 to 56, at Metropolis.

The other Egypt sectional, at Herrin, has two powerhouses in the host Tigers and Pinckneyville and many believe the winner of this tourney will represent southern Illinois at Champaign. The Herrin lineup has Pinckneyville meeting Tamm, which has lost only one game, in the first contest and Herrin facing Pick Dehner's East St. Louis quintet in the second.

Tamm has a 6-1 junior center, Charley Vaughn, who scored 49 points against Mounds Douglass Friday night as his team won the Anna-Jonesboro regional, 86 to 79. That boosted his scoring so far in his three-year career to 2,277 points with 1,056 points scored this year. He is within reach of the 2,702 points scored by Dike Eddleman of Centralia about 16 years ago. His high for the season was 67 against Thebes Dec. 11.

A tussle between Effingham St. Anthony and Charleston is slated to be one of tonight's top down-state sectional games. Collinsville and Elgin, ranked No. 1 and 2 in the state, don't start sectional play until Thursday, and the rated powers playing tonight are expected to find not too much trouble with their first round foes.

But St. Anthony carries a sparkling 28-1 record into its fray with Charleston in the first round at Bridgeport. And Charleston has an impressive 25-4 season mark.

Other Games
At Decatur it will be Taylorville vs. Macon which has a 27-2 record and which ousted highly regarded Bloomington in the regionals.

Fourth-ranked Rock Island is expected to have no trouble with Allwood at Moline.

Defending state champion Rockford West opens in the Sterling sectional against Forreston. The Warriors are 19-4 for the season and Forreston has a 25-2 mark.

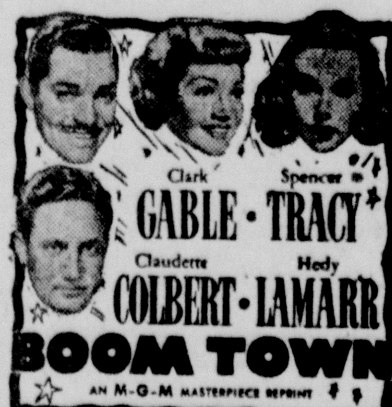

In other games tonight, Leyden meets Barrington at Arlington Heights; Cicero Morton meets Aurora West at Aurora West; Pontiac plays Thornton at Blue Island; Quincy Notre Dame meets Beardstown at Jacksonville; Peoria Central meets Colchester at

Macomb; LaSalle-Peru plays Wyoming at Ottawa; Springfield meets Hardin at Springfield; Champaign meets Georgetown at Urbana; and Hillsboro goes against Centralia at Vandalia.

Collinsville, with a 29-0 record, gets into action Thursday night against Greenville at Vandalia. Elgin, 24-0, meets DeKalb at Aurora West Thursday.

Suffers Injury

MIAMI, Fla. — Duke Snider, the National League's home run king, probably will be lost to the Brooklyn Dodgers for a few days as a result of bruised ligaments in his right knee.

Snider suffered the injury when he was struck on the back of the knee by one of Bob Keegan's pitches during the Dodgers' 8-4 victory over the Chicago White Sox Tuesday night. The injury was not considered serious although Trainer Doc Wendler said he doubted whether Snider would play "for several days."

The Dodgers pounded three White Sox pitchers for 13 hits, including a double by Roy Campanella that marked the stocky catcher's first safety of the Grapefruit League campaign.

Historical Article

Reveals Lincoln Had

Tough Time Spelling

SPRINGFIELD — It's no secret that Abraham Lincoln had a tough time with spelling. But Dr. Charles H. Coleman of Eastern Illinois State College at Charleston has combed through Lincoln's writing and come up with a list of 182 words that gave the Civil War President trouble.

The list includes: Occasionally, inaugural, enlist, operation, prosecute and territory.

In an article in the current Journal of the Illinois State Historical Society, Coleman writes that Lincoln was "not a poor speller, although at times he was a careless one." He says Lincoln "was more prone to make slips in personal correspondence than in official documents."

Lincoln's spelling, according to Coleman, "improved steadily over the years."

Pirates Beat Reds for 4th
Straight Win; Cards Romp
To Victory Over Athletics

By United Press
The Pittsburgh Pirates are picking up this spring right where they left off in 1956 as the No. 1 surprise team of the major leagues.

With four straight victories, Manager Bobby Bragan's husters are the only team still unbeaten in Grapefruit League competition and they're playing no favorites. They've beaten the Philadelphia Phillies twice and the Washington Senators and Cincinnati Redlegs once each.

The Pirates made it four in a row Tuesday when they beat the Redlegs, 6-4, on a two-run seventh inning homer by rookie outfielder Dick Stuart. It was the second homer of the spring for Stuart, a 6-foot-3, 200-pounder who walloped 66 homers and knocked in 158 runs at Lincoln, Neb., last year.

Scatter Seven Hits
Roman Mejias, another rookie outfielder who played for Hollywood in the Pacific Coast League last season, helped spark the Pirates with four hits in as many tries. Jackie Brown, Bob Garber and Nelson King combined to limit the Redlegs to seven hits including a homer by Ed Bailey.

A pair of brilliant 1-0 pitchers' duels highlighted the other games played on the fourth day of competition in the citrus circuit.

The Boston Red Sox got six-hit pitching from a quartet of young hurlers and finally beat the New York Yankees when they pushed over a run in the 13th inning.

Warren Spahn, Gene Conley and Red Murf collaborated in a two-hit effort to give the Milwaukee Braves the other 1-0 decision in a nine-inning game with the Detroit Tigers.

Cardinals in Rump
Wally Moon hit a two-run homer and Del Ennis a three-run homer as the St. Louis Cardinals continued their heavy spring slugging with a 12-4 romp over the Kansas City Athletics. The Cardinals broke open the game in the seventh inning when five walks by Wally Burnette and two hits enabled them to score six runs.

Jim Hearn, making his first start for the Philadelphia Phillies, yielded only a homer to Harmon Killebrew during a three-inning stint, to help Mayo Smith's team beat the Washington Senators, 4-2.

The Cleveland Indians scored seven runs in the first inning and went on to walloped the Chicago Cubs, 8-1, behind the six-hit pitching of Bob Lemon, Art Houtteman and Don Mossi. Lemon climaxed the first-inning assault on Don Kaiser with a three-run homer and allowed only one hit in his first three-inning outing of the spring.

Gail Harris' three-run ninth inning homer his second of the game lifted the New York Giants to a 9-8 decision over the Baltimore Orioles. Rookie Andre Rodgers hit two homers and Red Schoendienst also homered for the Giants, who have won three of their four games.

Honors Divided
On Missouri
Valley Team

ST. LOUIS — The honors were divided today as coaches, athletic publicity directors and sports writers chose Barney Cable of Bradley; Bill Ebben, Detroit; Harold Alcorn, St. Louis; Joe Stevens, Wichita, and Phil Murrell of Drake to the United Press All-Missouri Valley team.

Cable, of second-place Bradley, was somewhat of a surprise since the others topped the Valley in individual scoring. He received the most votes probably because the fact that possession of the ball is a necessary preliminary to scoring.

And the big Brave, whose shooting mark of 15.3 was ninth among the Valley marksmen, showed himself to be a strong man on the boards. His retrieving helped Bradley to an early lead in conference play and the agile and burly center will probably justify his choice when the Braves square away in the National Invitational tourney on March 19.

Ebben led the Valley scorers with an average of 26.2 and Murrell was next with 25.5. Alcorn and Stevens were tied for third at 18.6.

Alcorn, probably the best playmaker of the team, can move with the speed that his coach, Eddie Hickey, demands for his fast break. He also passes with pinpoint accuracy and can shoot from far out or up close.

Three members of the champion Billikens made the United Press second team.

But Mel Wright of Oklahoma A&M received the most votes for the secondary honor. He was followed by Captain Joe Todd and Jack Mimitz of St. Louis and Henry Kemple, also of the Aggies.

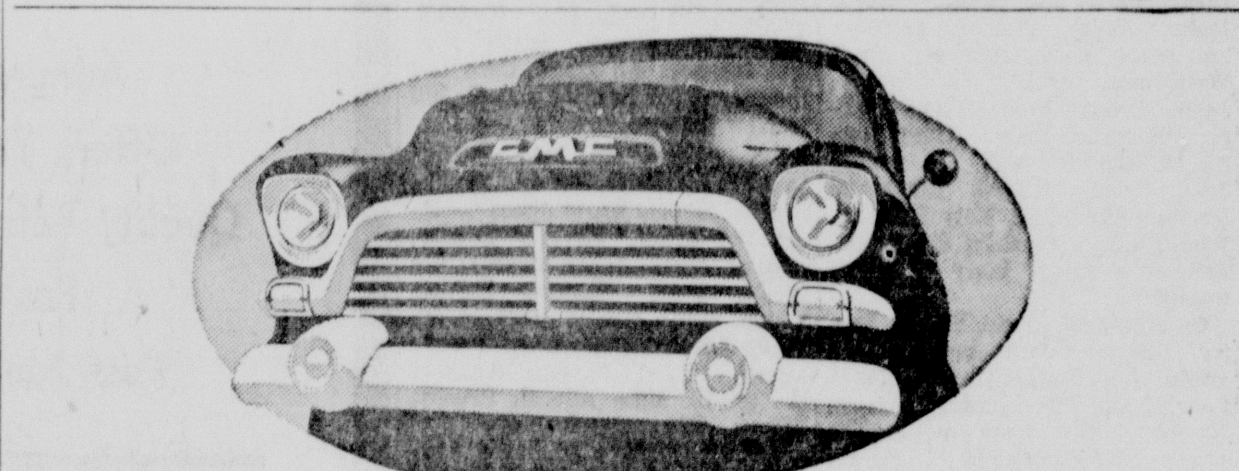

Al Serkin of St. Louis and Don Woodworth of Wichita tied for the final spot on the team.

ing homer his second of the game lifted the New York Giants to a 9-8 decision over the Baltimore Orioles. Rookie Andre Rodgers hit two homers and Red Schoendienst also homered for the Giants, who have won three of their four games.

The Christian Man

BY EUGENE CARSON BLAKE, D.D.
(Written for NEA Service)

II. MAN AND HIS NATION

And the devil took him up, and showed him all the kingdoms of the world in a moment of time, and said to him, "To you I will give all this authority and their glory; for it has been delivered to me, and I give it to whom I will. If you, then, will worship me, it shall all be yours." And Jesus answered him, "It is written, 'you shall worship the Lord your God, and him only shall you serve.'" Luke 4:5-8. RSV.

Almost all Americans, except the Communists, agree that the state is organized to serve the interests of man; that individual man is always to be considered as more important and of more ultimate value than his nation. In fact, one of our basic contentions against all totalitarianism is that the individual man is deprived of his rightful freedom and his rightful responsibility.

Despite this agreement there is, among us in our time, the ancient temptation to idolatry—to make the nation our supreme value and to worship it in place of God. A lively faith in God, who is above the nation and above all nations, appears to be the only way to assure both patriotism and individual liberty.

The 40 days of Lent which lead up to Easter in the Christian calendar have often been related to the 40 days of Jesus' temptation in the wilderness. One of the temptations which he faced had to do precisely with the relationship of God and the nations.

In his parable, Jesus tells of Satan offering him the power and the glory of all the nations of the earth if only he would bow down before Satan in worship. Jesus' reply was to remind the prince of this world that there is only One to whom ultimate loyalty is due—God.

In the recent revision of the pledge to the flag the words "under God" were added so that it now reads: "I pledge allegiance to the flag of the United States of America and to the republic for which it stands—one nation under God, indivisible, with liberty and justice for all."

Some have criticized this change as merely a pious addition which, they say, serves only to increase our confusion of religion and patriotism, leading people to suppose that Americanism and Christianity are, after all, the same thing.

For myself I believe, on the contrary, that whatever were the mixed motives of some of those who voted to insert the words, it is a good thing to be reminded regularly that the nation is under God. Even when we are most patriotic, it is good to remember that God is over all nations and that His children are in them all.

At this time of great power for the American nation, all of us need to remember that, although we have been greatly blessed in this good land, God is just and will play no favorites.

Selfishness, however much enlightened, will lead us to the decadent luxury that has been the downfall of empires in the past. For God has founded the world on justice and His kingdom is a kingdom of love.

Next: Man and his community.

Spelling Contestants Selected for County Matches at Horace Mann

The annual Saline county spelling match is scheduled to be held Saturday, March 16, starting at 9 a. m., at the Horace Mann school in Harrisburg.

There will be contests in grades two through eight, with medals awarded the first three places in each grade. Champions of grades 6, 7 and 8 will compete for the title of Saline County Spelling champion and will be eligible to compete in the Tri-State contest at Evansville.

Contests have been held in various schools during the past week to select candidates for the county contest.

Japanese Men Claim U. S. Women Unhappy

TOKYO — A panel of Japanese men agreed today that American women are the unhappiest women in the world.

For example, one of the panelists said, "In order to humor the men, they have to go on diets and dye their hair."

Newspaperman Hiroo Mukai said American women are unhappy because they have promoted equality of sexes so much.

"They can't expect men to pamper them any longer," he said, "so now American women are trying hard to make friends with men and be attractive to them."
